

Dear families of Innovative Film-Making,

Our film class will be watching some films for class study. Sometimes, these movies may not be approved content by some families. This content could include:

Violence, adult themes, language, drug use, and partial nudity (nothing frontal).

We will NOT be watching anything with gratuitous violence, sex scenes, or frontal nudity (Game of Thrones level).

This form is for you, as the parents/guardians, to approve/disapprove your student viewing this content. My promise to you is we will not be watching anything that does not provide an artistic, technical, or educational reason, which includes questionable content.

If you choose to allow your student to view any of this content, please check the Approve box and sign the form. If you do not want your student to view any of this content, please check the Disapprove box and sign this form. Please note, if you do disapprove of your student viewing this content, it may impact their skill set in this class. Students that are not approved, will be excused to the library for the duration of the content being viewed.

Please feel free to contact me for any questions – jevans@wusd.org

I approve of my student viewing the film content of this class.

I disapprove of my student viewing the film content of this class.
